The art of moving  
water from the  
earth to cleanse and  
relax our bodies is  
centuries-old.

Arte Form is a dynamic company, using innovative solutions in perfect balance between technology and design, guaranteeing high quality production. We blend the cornerstones of design, technology and function into products that utilise the latest manufacturing processes and materials that capture the imagination of world-renowned designers and architects.

Considerable investment into research and development allow us to follow trends that influence the market; ensuring a stylish, reliable and functional product.

# welcome to arte form

The Arte Form collection is a range of high quality European designed and manufactured brassware

designs that stand out from the crowd

“Design is not just what it looks like and feels like.  
Design is how it works.”  
— Steve Jobs

Model shown ITAP Basin 3 Hole Deck Mixer

Water. The element that makes Arte Form create and recreate objects. The lightness and purity of the water serve as an inspiration for the shape and functionality. The simple and pure lines of Arte Form products reinvent the style and comfort of the bathroom.

Great authors create great works. That's why Arte Form has partnered with great names in international architecture, such as Eduardo Souto de Moura (2011 Pritzker Prize winner), Francisco Mangado, João Álvaro Rocha and Nuno Brandão Costa.

Throughout design development, the designers ensure there must be as minimal an impact on the environment as possible; both in the daily usage of the product, and also in the whole process of manufacture and the materials used  
— only then does it truly become an Arte Form design.

# design

Design is the first part of the process towards producing an Arte Form product. With over 25 years' experience in the UK bathroom industry, we know a product not only needs to look good, it must withstand the rigours of everyday life.

“Everything is designed.  
Few things are designed well.”

A designer knows  
perfection is achieved  
not when there is  
nothing left to add, but  
when there is nothing  
left to take away.

The Arte Form collection is produced in collaboration with our carefully selected European manufacturing partners. Each has an outstanding pedigree in both the design and production of luxurious, high quality bathroom fittings.

RUBINETTERIE  
**treemme**

 water evolution

Products bearing the Eco Energy System logo are marked as Made in Italy, indicating that they are made in the EU and serves as a guarantee that manufacturing processes and use of materials meet European standards.

Our design teams are also challenged with ensuring that the same environmental considerations are applied beyond the product itself. The packaging is produced from either already recycled material, FSC approved sources or easily recyclable plastics. Even this brochure is designed to have minimum environmental impact. The paper is recycled and the inks are vegetable dyes.

technology

# from the earth...

Arte Form use Marine Grade SAE 316 and 304 stainless steel in the production of taps, showerheads and accessories. Stainless steel is hygienic, hard wearing, easy to clean and is environmentally friendly in its production process.

Traditionally, varying levels of lead have been added to brass to aid the workability of the raw material. Following a large investment in the latest computer controlled machinery and processes, Arte Form products are now produced with either **low lead** or **lead free** brass that meets the latest US & EU directives on lead content.

Ranges bearing the **lead free** icon are manufactured from either stainless steel or lead free brass. These materials exceed even the current US legislation for low lead brass which allows for 0.25% lead content in brass.

# to the machine...

The latest in computer controlled machinery manufactures to tolerances as low as 5 microns. This process is designed to minimise waste and energy use. Any brass waste from the manufacturing process is recycled and reused.

Arte Form Thermo products feature thermostatic mixing to maintain the perfect showering or bathing temperature. They also feature a maximum temperature stop to prevent excessive temperature being selected.

Arte Form utilise the latest water saving cartridges. They are matched to specific aerators that mix air into the water to produce a splash free, full stream of water even at reduced flow rates.

# ...to the finished form

function

“Simplicity is the  
ultimate sophistication”  
— Leonardo da Vinci

## Thermostatic or manual mixing valves?

Manual mixing valves work like a basin mixer tap, once a temperature and flow have been selected, you would have to make any adjustments yourself to maintain this level if there are any changes in the pressure or temperature of the incoming hot or cold water supply.

Thermostatic mixing valves will automatically maintain the selected temperature and adjust the blend of hot and cold water to compensate for any fluctuations in the incoming water supply.

## Water saving

Arte Form products are all installed with the latest water saving cartridges to reduce water consumption, they are matched to specific aerators that mix air into the water to produce a splash free, full stream of water even at reduced flow rates.

## WRAS

WRAS (Water Regulations Advisory Scheme) is a UK based scheme that tests and approves products for quality of components, safety and the efficient use of water. Arte Form products feature WRAS approved thermostats, cartridges and components.\*

## Minimum water pressure

In order to ensure you get the best performance from your Arte Form products we have listed minimum recommended water pressures for each product.

## Guarantee

All Arte Form products carry a full 15 year guarantee which covers any manufacturing defects. Cartridges carry a 5 year guarantee. In hard water areas cartridges may need extra cleaning as part of routine product maintenance.

## DIVERTER 3 OUTLET

TX.321SW-3  
Recessed wall mounted  
1 bar HP D:90mm  
£395

### Shower Valve Operation

- A = On off
- B = Temperature
- C = 2 outlet diverter

### Thermostatic Valve Features

WRAS approved thermostat and cartridges provides precise temperature and flow control

3/4" connections for improved flow at lower water pressures

High quality brass body and brushed finish handles

Betacryl backplate

ALSO AVAILABLE IN BLACK

These high quality Italian thermostatic shower valves feature brushed stainless steel finish handles with a stylish satin white Betacryl backplate. Betacryl is a composite of stone, resin and natural pigments.

# s22

Designed by world renowned  
architect Eduardo Souto De Moura

Winner of architecture's biggest prize, The Pritzker, in 2011

Manufactured in high grade brushed stainless steel

# arte form individual

Arte Form Individual is a collection featuring the latest innovative designs and technology. These beautiful hand crafted products are individually made and are available in a variety of finishes.

For products that truly stand out from the crowd choose Arte Form Individual.

Arte Form believe that we are all individuals and that one size does not fit all. Therefore, if your project has specific needs, please discuss with your dealer or visit the Individual section on [www.arteform.co.uk](http://www.arteform.co.uk)

Arte Form Individual enables you to fully express your individual style and desired layout — whatever size of project you are designing. It offers you not only a choice of stylish finishes for your Arte Form product, including the latest Gold PVD (Physical Vapor Deposition) technology that creates an ultra hard wearing finish. It also allows you to specify bespoke measurements for a truly tailor made product.

Arte Form Individual products are manufactured to order and so have a lead time of approximately six weeks.

# showering

Creating the perfect showering experience is simplicity itself with the Arte Form Showering Collection. Select from a range of the latest styles of shower kits, fixed heads or for the ultimate sensation one of our Skyfall ceiling mounted multi-function heads.

All Arte Form shower handsets and fixed heads incorporate anti-limescale, easy to clean silicon jets, which are particularly useful in hard water areas.

The Varo range features a removable section that makes cleaning even simpler.

# SHOWER VALVES

The shower valve is the heart of your new bathroom, and all Arteform shower valves offer the peace of mind of the highest quality precision manufacturing. You can choose between single or multiple outlets, manual or thermostatic mixers. Backplates and handles are finished in either high lustre chrome or brushed stainless steel.

Arteform valves are machined in high quality lead free brass that meets the latest European standards. Rather than being cast in a mould, Arteform valves are CNC machined from solid brass which provides an exceptional degree of accuracy and quality. All cartridges meet the strictest worldwide quality tests including the UK WRAS scheme.

## MANUAL VALVE 1 OUTLET

Manual control for flow and temperature  
Single outlet for shower kit/fixed head/bath filler  
WRAS approved ceramic disc cartridge provides smooth operation  
100% brass body and trim set with choice of handles

## MANUAL VALVE WITH DIVERTER 2 OUTLETS

Manual control for flow and temperature  
Diverter control for selection between the two outlets  
Suitable for shower kit/fixed head/bath filler/pull out shower  
WRAS approved ceramic disc cartridge provides smooth operation  
100% brass body and trim set with choice of handles

## THERMO VALVE ONLY

Thermostatic control of temperature only – no flow control  
To be used in conjunction with shut off/diverter valves shown below  
Allows for multiple outlets to be connected  
WRAS approved thermostatic cartridge for safe temperature control  
100% brass body and trim set with choice of handles

## DIVERTERS AND SHUT OFF VALVES

No temperature control – flow control only  
To be used with thermo valve shown above  
Shut Off Valve controls flow to a single outlet  
Additional Shut off valves can be added for multi outlet systems  
Diverter Valves can be added in 2 or 3 outlet options  
(Diverter valves require a single shut off valve to control flow)

# SHOWER VALVES

## THERMO VALVE 1 OUTLET

WRAS approved thermostatic cartridge for safe temperature control  
Separate flow control to single outlet for shower kit/fixed head/bath filler  
WRAS approved ceramic disc cartridge provides smooth operation  
Available in 2 hole version (as shown) or single hole version  
100% brass body and trim set with choice of handles

## THERMO VALVE WITH DIVERTER 2 OUTLETS

WRAS approved thermostatic cartridge for safe temperature control  
Separate flow control with integral diverter to two separate outlets  
Suitable for shower kit/fixed head/bath filler/pull out shower/multifunction head  
WRAS approved ceramic disc cartridge provides smooth operation  
100% brass body and trim set with choice of handles

## THERMO VALVE WITH 2 OUTLETS

WRAS approved thermostatic cartridge for safe temperature control  
Separate flow controls to two outlets – both can be open simultaneously  
Suitable for shower kit/fixed head/bath filler/pull out shower/multifunction head  
WRAS approved ceramic disc cartridge provides smooth operation  
100% brass body and trim set with choice of handles

## THERMO VALVE WITH 3 OUTLETS

WRAS approved thermostatic cartridge for safe temperature control  
Separate flow control to single outlet  
Separate flow control with integral diverter to two outlets  
Suitable for shower kit/fixed head/bath filler/pull out shower/multifunction head  
WRAS approved ceramic disc cartridge provides smooth operation  
100% brass body and trim set with choice of handles

For the ultimate in showering excellence choose the Grand Porta range of valves from Arteform. These high quality Italian valves are manufactured to deliver the maximum flow possible from your water system of up to 40 litres per minute. The round and square handle options match with any of the Arteform tap collection but the Grand Porta range compliment the Individual tap collections perfectly. With up to 4 outlets these are ideal for use with the SKYFALL range of shower heads (see page 163).

# skyfall

Skyfall by Arte Form is the ultimate in fixed head shower technology. Featuring a range of ceiling mounted, flush fitting shower plates that include both waterfall outlets and atomisers, this is the pinnacle of showering excellence.

The Macò range adds a twist of designer know-how incorporating a stylish satin white or black surround.

SKYFALL

Rain shower

All Skyfall models feature an invigorating rain shower yet only using a maximum of 15 litres of water per minute.

Waterfall

For the ultimate showering experience, add a waterfall outlet which uses just 9 litres of water per minute.

Atomisers

Atomisers provide a fine mist spray, to refresh you in the summer heat or stimulate and relax your senses in the cooler winter months.

# TERMS & CONDITIONS

## DEFINITIONS

In these conditions ‘the Company’ shall mean Arte Form Ltd, ‘the purchaser’ shall mean the person, firm or company to whom any quotation is addressed or with whom any contract is made and ‘the goods’ shall mean the goods and/or services agreed to be sold by the Company to the purchaser.

## 1. QUOTATION AND ACCEPTANCE

- (a) All quotations are given and all orders are accepted on these terms which shall apply to the exclusion of and shall override any other terms stipulated or referred to by the purchaser whether in its order or any other document, or in any negotiations or communication or course of dealing established between the Company and the purchaser;
- (b) No modification or amendment of these terms or addition thereto shall be effective unless made in writing and signed by a director of the Company.

## 2. DESCRIPTION OF AND STATEMENTS AS TO GOODS

- (a) Save where the goods are stated to be sold as complying with a recognised trade or industry standard, all descriptions, specifications, drawings and particulars of weights and dimensions submitted by the Company or otherwise contained in the Company’s catalogues, brochures, price lists, quotations and publicity materials are approximate only and the Company shall not be liable for their accuracy unless they are expressly incorporated into the contract in writing;
- (b) These terms represent the entire agreement between the Company and the purchaser relating to the goods and such terms supersede and the purchaser shall not place any reliance upon any statements, recommendations and advice whether oral or in writing given (whether before or after the acceptance by the Company of the purchaser’s order) by the Company, its servants or agents as to any matter relating to the goods save where such statement, recommendations or advice is given in writing and signed by a director of the Company in response to a specific written request from the purchaser before or at the time of the Company’s acceptance of the order.

## 3. PRICES

Prices quoted by the Company are those in effect at the date of quotation. Unless otherwise agreed in writing, the Company reserves the right to increase prices when it accepts the purchaser’s order so as to reflect one or more of the following:

- (a) any variation that may have occurred in the costs of labour, materials, suppliers overheads and transport;
- (b) any change in duty, tax, surcharge or levy of any kind whatsoever affecting the sale price of the goods;
- (c) any cost to the Company resulting from delay by the purchaser in giving to the Company information sufficient to enable it to supply the goods or provide the services or resulting from any alteration made at the request of the purchaser in the specification of the goods or in the place to which they are to be delivered or shipped;
- (d) any extra cost to the Company resulting from the goods being carried at the request of the purchaser by mode of transport more expensive than the Company’s normal form of transport.

## 4. PAYMENT

- (a) Unless otherwise agreed in writing, the price for the goods will be due and payable on the last business day of the month following delivery;
- (b) The Company shall be entitled to charge interest on any part of the price which is not paid in accordance with clause (a) at the rate per annum of 3% above the Base Rate of HSBC Bank Plc from time to time;
- (c) Time of payment is of the essence and if the purchaser defaults in punctual payment of the price the Company shall be entitled to terminate the contract and recover the goods at the purchaser’s expense without prejudice to any further rights which the Company may have;

- (d) Any default in payment of an invoice or an instalment payment on an invoice on the due date shall render the entire balance outstanding on all invoices from the Company to the purchaser immediately payable in full without demand being made notwithstanding any contrary provisions as to terms of payment in any one or all invoices;
- (e) If the purchaser fails to give all instructions reasonably required by the Company and all necessary document, licences, consents and authorities for forwarding the goods or is unable to accept delivery of the goods at the time when the goods are due and ready for despatch or delivery or shall otherwise cause or request delay, the purchaser shall pay to the Company all costs and expenses, including storage and insurance charges incurred or arising from such delay during which, at the Company’s absolute discretion if its storage facilities permit, the goods will be stored at the purchaser’s sole risk. This provision shall be in addition to and not in substitution for any other payment or damages for which the purchaser may be liable in respect of his failure to take delivery at the appropriate date;
- (f) The purchaser shall not be entitled to make any deduction from the price of goods which have been delivered to the purchaser in respect of any set off or counterclaim unless both the validity and the amount thereof have been expressly admitted in writing by the Company and such admission is signed by a director of the Company;
- (g) In the absence of any specific appropriation by the purchaser, the Company shall have the right to appropriate any payment made by the purchaser towards the satisfaction of any invoice outstanding from time to time as the Company shall in its absolute discretion think fit.

## 5. DELIVERY

- (a) Any time or date stated for delivery is given and intended as an estimate only and the Company shall not be liable for any loss or damage whatsoever resulting from any delay in delivery howsoever arising;
- (b) Unless otherwise stated in writing delivery shall be deemed to take place upon the occurrence of the first in time of the following, namely:
  - (i) the physical delivery of the goods to the purchaser at the Company’s works;
  - (ii) the physical delivery of the goods to the purchaser’s carrier or agent for the purpose of transmission to the purchaser or his nominee;
  - (iii) the physical delivery of the goods to the purchaser’s place of business or such other place as he may direct by the Company, its carrier or agent, the purchaser being responsible for unloading;
- (c) Signature of the Company’s delivery note by any employee, representative or agent of the purchaser shall be conclusive proof of delivery;
- (d) Where the contract provides for delivery by the Company, its carrier or agent:
  - (i) any claims for non-delivery must be made in writing to the Company within three days of receipt of invoice or advice note whichever is the earlier;
  - (ii) any claims in respect of goods damaged in transit or shortages in delivery must be made in writing to the Company within three days of delivery; shortages in delivery shall not give rise to a right to reject the goods delivered;
- (e) The Company shall be entitled to make partial deliveries or deliveries by instalments and all the provisions of these terms shall apply to such deliveries;

## 6. PROPERTY AND RISK

- (a) Risk in the goods shall pass to the purchaser at the time at which delivery takes place in accordance with clause 5 above and the purchaser shall be solely responsible for insuring the goods thereafter;
- (b) The Company shall retain ownership of and title in the goods delivered until full payment has been made in respect of all such goods. Until such time the goods shall be:
  - (i) stored separately from other goods in the possession of the purchaser;
  - (ii) marked or otherwise rendered identifiable as being the property of

- the Company;
- (iii) held by the purchaser as bailee of the Company;
- (iv) held by the purchaser free from any charge, lien or other encumbrance;
- (c) Provided the Company has not requested their return and notwithstanding that payment in full has not been made for all of the goods delivered, the purchaser as principal and not as agent for the Company shall be entitled to use the goods or offer for sale and sell them in the ordinary course of his business;
- (d) Where the purchaser sells the goods prior to paying for them in full:
  - (i) the Company shall be legally and beneficially entitled to the proceeds of sale;
  - (ii) the purchaser shall hold the proceeds of sale on trust for the Company and shall not mingle them with other monies and shall not pay them into an overdrawn bank account;
  - (iii) he shall deposit the proceeds of sale in a separate bank account, the location and number of which he has previously notified to the Company, and he shall not be entitled to use or deal with the proceeds of sale until payment in full for the goods has been made to the Company;
- (e) The Company shall have the right at any time by its servants or agents to enter the purchaser’s premises where the goods are stored, or are thought the Company to be stored, so as to:
  - (i) retake possession of the goods when the Company has requested their return and the purchaser has not immediately complied with the request, such retaking or return to be without prejudice to any other rights the Company may have arising therefrom;
  - (ii) inspect the storage of the Company’s goods which have not been paid for in full;
  - (iii) investigate and ascertain whether all these terms are being complied with;

## 7.GUARANTEE AND LIABILITY

Arte Form Ltd products have a 15 year guarantee against manufacturing defects and 5 year guarantee on cartridges and hoses.

- (a) The Company guarantees all goods which have been manufactured by the Company against any defect of work or materials which can be proved to the Company’s satisfaction to have been caused before delivery provided that;
  - (i) the goods are used for their normal purpose,
  - (ii) full details of any such defect are notified to the Company within thirty days of its first appearance and
  - (iii) the goods in which the defect arises are returned at the purchaser’s expense to the Company; The above guarantee is given in lieu of and to the exclusion of all other warranties, conditions, representations and undertakings express or implied by statute or otherwise in respect of the quality or fitness for purpose of the goods or as to their condition or performance or as to any other matter except where such warranty or condition is implied by statute and by reason of a statutory provision, cannot be excluded;
- (b) Save as provided herein and save in any case where death or personal injury has been caused by the Company’s negligence or any case where the Company is liable for a defect in the goods pursuant to Part 1 of the Consumer Protection Act 1987 or any statutory replacement thereof, the Company shall be under no liability whatsoever to the purchaser for any loss or damage whether direct, indirect or consequential arising out of any defect in, failure of or unsuitability for any purpose of the goods or any part thereof whether the same be due to any act, omission, breach of contract, negligence or wilful default in design, workmanship or materials or any other cause.

## 8.TERMINATION

The Company shall have the right forthwith to cancel the purchaser’s order if any of the following events occur and subject to enforcement of the Company’s rights to recover the goods and to receive payment of the price or damages, the contract shall be deemed to have terminated:

- (a) the purchaser commits any breach of its obligations to the Company;
- (b) any distress or execution is levied upon any property of the purchaser;
- (c) the purchaser makes or offers to make any arrangement or composition with creditors or commits any act of bankruptcy or insolvency;
- (d) any resolution is passed or petition presented to wind up the purchaser;
- (e) a receiver or administrator is appointed or any chargee takes possession of all or any part of the undertaking or assets of the purchaser;

- (f) the purchaser stops payment or ceases or threatens to cease to carry on its business or to pay its debts as and when they fall due;
- (g) any remittance for payment of the whole or any part of the purchase price of the goods is dishonoured by the purchaser’s bankers.

## 9. ASSIGNMENT

The purchaser shall not assign or transfer or purport to assign or transfer any contract to which these terms apply to any other person without the Company’s prior writw consent. The Company reserves the right to subcontract the performance of the contract or any part of it.

## 10. FORCE MAJEURE

If the Company is prevented or delayed (directly or indirectly) from making delivery of the goods or any part thereof or from otherwise performing the contract or any part thereof by reason of war, embargo, riot, strike, lock-out, trade dispute, fire, breakdown of plant or machinery, inclement weather, interruption of transport, Government action, delay in delivery to the Company of any goods or materials, or by any cause whatsoever (whether or not of a like nature to the foregoing) outside its control, it shall be under no liability whatsoever to the purchaser and shall be entitled at its option either to cancel the contract or without any liability to extend the time or times for delivery by a period equivalent to that during which such delivery has been prevented.

## 11. RETURNS PROCEDURE

**Note to retailers:** We do not operate a sale or return policy. However, in the event that you need to return products to us for any reason the following procedure should help to ensure that we handle your request efficiently.

Please note goods which are no longer required and that have been held by you for longer than three months from date of invoice cannot be considered for return and credit. A Collection Note should be emailed to our Collections Department:

- e-mail: collections@arteform.co.uk

We require the following details in order to process the necessary paperwork: Item stock code, finish & quantity of item(s) to be returned, the relevant Invoice Number or Delivery Note Number and the reason for return of the item(s). Our Collections Department will process the paperwork and after the collection request has been authorised, we will aim to collect the item(s) within 5 working days. You will also receive a Returned Goods Authorisation Note. The details of this note need to be checked and signed by you. If you have any queries whatsoever regarding the collection, please telephone our Collections Department.

All goods are to be suitably packaged before return to Arte Form Ltd, i.e. presentation boxes packed inside an outer box. Goods received back in anything other than re-saleable condition, may result in a request for credit being refused.

With the exception of faulty or damaged goods, all goods being returned will be subject to a 25% re-stocking charge with a minimum £15 charge being applicable. If items are received damaged or faulty no charge is made for returning the goods to us. Please note: shortages and damages must be notified within 2 days of receipt of goods.

Notification outside of the 2-day period will void any claim. If, after our inspection, a product is found to be defective due to a manufacturing fault we will issue a credit or a free of charge replacement.

Our collections department will liaise with your designated contact, confirming the total number of boxes packed ready for collection and a mutually convenient collection date will be arranged.

## 12. CLAIMS FOR REFIXING

In the event that you have a claim for re-fitting or repair of a faulty product, please contact our Technical department on 01223 828747. All claims for re-fixing charges must be authorised by us before any work is undertaken. Claims for re-fixing that are made after work has been undertaken will be rejected.

## PROPER LAW

The contract and these terms shall be government by English law and the purchaser shall submit to the sole jurisdiction of the English Courts.
